**Sat 8th February 2020**

## The Event

- The ultimate incident hike, attracting over 300 Scouts, Guides and Explorers from across the region.
- Testing a unique combination of skills, The Quest provides a truly challenging, fun and rewarding opportunity.
- It involves navigating a cross-country course to find Incident Bases.
- At each Base, each team must work together to complete a fun challenge to collect points.
- The teams with most points win!
- This year's theme marks the 50th anniversary of NASA's moon-landing – be prepared for some spacey activities!

## Juniors

### Scouts and Guides Section

- Teams made up entirely of young people who are presently either Scouts or Guides (i.e. not Explorers)

## SENIORS

### Young Explorers Section

- Teams made up entirely of young people who are presently Explorers or older Scouts and Guides

### Team Sizes and Shadowing

- All teams must be accompanied by an adult shadow

## Be Prepared

- The Quest is a fun and rewarding event and as competitive as you want.
- But be prepared for a genuine challenge...
- The total distance walked is about 16km, most of it in the dark.
- The hike can take place in just about any kind of weather.
- After walking, teams normally get back to HQ well after midnight, having had a long and tiring (but fun) day...
